### CAUTIONS:

Safe use in pregnant animals or animals intended for breeding has not been proven. Consult with your veterinarian before using this product in animals: with clotting disorders; being treated with anticoagulant medications; with diabetes or any metabolic disorder causing hyperglycemia; with a history of urinary tract stones; known allergies to shellfish. If lameness worsens, discontinue use and contact your veterinarian. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

### WARNINGS:

For animal use only. Keep out of reach of children and other animals. In case of accidental overdose, contact a health professional immediately.

### STORAGE:

Store at controlled room temperature.

### PRESENTATION:

480gm and 960gm granules.
